OF EMERGENCY SERVICES

# **SITUATION SUMMARY**

## **Natural Gas Release, City of Redding, Shasta County (New/Final)**

On 07/03/14 at 2342 the CSWC received a report of a road construction crew that hit a 3-inch gas main at the intersection of Tehama and East Streets causing a release of natural gas. The California Highway Patrol closed Highway 44 westbound lanes in the City of Redding to reduce traffic. Evacuations are in place from Tehama north to Eureka Way, between Pine and Continental. Per Redding Fire Department initial readings were not within the explosive limits of gas and a slight wind blowing 2 to 3 mph was keeping the gas dispersed. The American Red Cross has opened an evacuation center at University Preparatory School located at 2200 Eureka Way. There were no reports of injuries or exposure. PG&E is on site to remediate the release. The release occurred near the Shasta Regional Medical Center which has been ordered to shelter in place. The Redding Fire Department is estimating lifting the evacuations and fully opening nearby roads at 0900 hours. The California State Warning Center conducted all appropriate notifications, including but not limited to local government agencies. There are no requests for assistance or unmet needs.

# **SITUATION SUMMARY**

## **Butts Incident, Vegetation Fire, Napa County (Update)**

### **Fire Information:**

- Per ICS 209 dated 07/04/14 at 0437 hours
- 4300 acres brush, 55% contained
- Residential Structures Threatened: 180 Destroyed: 2
- Other Minor Structures Destroyed: 7
- Fire Management Assistance Grant (FMAG) was approved. FEMA-5057-FM-CA

### **Local Government Equipment Committed**

- Six Local Government Strike Teams-(updated per Cal OES Fire Duty Officer)
- One Water Tender
- Two Engines

**Total Personnel Committed: 1725**

### **Cal OES Deployments**

- Cal OES Assistant Fire Chief Salvate is on scene
- Public Safety Communications has three technicians assigned to the incident.

### **Road Closures**

- Butts Canyon Road north to Snell Valley Road is now open, and Butts Canyon Road and Guenoc Road two miles west of the Lake County line remain closed.
- Road closures being manned by California Highway Patrol

### **Emergency Operation Center (EOC) Activations:**

- Napa County OES is currently at duty officer status.
- Lake County OES is currently at duty officer status.
- Cal OES Coastal Region Duty Officer is currently at Level 1 status.

# **SITUATION SUMMARY**

## **Banner Incident, Vegetation Fire, San Diego County (Update)**

### **Fire Information:**

Per ICS 209 dated 07/04/14 at 0510 hours

- 217 acres brush, 40% contained
- 2 structures and 1 outbuilding destroyed
- No significant growth expected. Continued mop-up and line construction.
- Cal OES Assistant Fire Chief released from incident
- Fire Management Assistance Grant (FMAG) submitted to Cal OES. The FMAG does not meet criteria and has been placed on hold.

### **Emergency Management:**

#### **Evacuations/Shelters**

- All evacuations are lifted.
- Temporary Evacuation Point has been closed.

#### **Road Closures**

- Closed from 2 mi east of the Junction of SR 79, at Wynola Rd to 11.8 mi east of the Junction of SR 79, at San Felipe Road

### **Emergency Operation Center (EOC) Activations**

- San Diego County EOC has deactivated returning to Duty Officer status.

# **SITUATION SUMMARY**

## **Northern California:**

### **Modoc July Complex Modoc County**

#### **Fire Information:**

2 miles south of Dalton Reservoir

**Fires in the complex:** Dalton, Dobie, Northern, Janes, 16 other fires for 74 acres.

- Acres – 1,854
- Containment- 20%

### **Coleman, Vegetation Fire, Modoc County**

#### **Fire Information:**

25 miles east of Fort Bidwell, California

- Acres- 9,325
- Containment- 15%
- Threat to grazing land, Sage Grouse habitat, residential ranches 1-3 miles north and south

### **Gulch, Vegetation Fire, Modoc County**

15 Miles North of Canby along Hwy 139

- SRA/FRA
- Unified Command with CAL FIRE LMU and Modoc National Forest
- Start Time: 1546 hours
- 5 Fires, 100 acres, Grass and Brush, 0% contained
- Moderate Rate of spread
- Threat to Power lines, Railroad and 2 structures
- CAL FIRE Air and Ground Resources committed

# SITUATION SUMMARY

## **Southern California:**

### **Ranch, Vegetation Fire, Kern County**

#### Fire Information:

10 miles west Lake Isabella, Kern County

ICS-209 dated 7/4/2014 at 0454 hours

- Acres- 150
- Containment- 0%
- Cooper Type 2 IMT assigned
- [Fire is holding in place with the help of daily air support.](#)
- No Local Government commitment

# **SITUATION SUMMARY**

## **Cal EOC Incident – 2014 Drought**

- SOC / Inland REOC remains activated in support of 2014 Drought

## **Blowing Dust Advisories Southeast California :**

The National Weather Service provided the following synopsis for the relationship of Blowing Dust Advisories and the drought conditions in southeast California: Dust storms are common due to increased thunderstorm activity and the winds produced with these storms, during monsoonal flows. The severity of the dust storms could be locally exacerbated by drought conditions. In any event, the public should monitor NWS for any advisories and warnings issued by NWS.

## **Camp San Luis Obispo Last Power Outage Reminder- Monday, July 7, 2014**

- The outage will start at 0730 and last most of the duty day. Please ensure sensitive electronics are unplugged prior to power being restored. This will impact CSTI from the aspect that their phones and Guest wireless/ Internet will be down. The servers should be up, but they will lose some functionality.

## **Significant Weather**

- Red Flag Warning remains in effect from 7/4/2014 1200 hours to 2200 hours for Modoc, Siskiyou and Lassen Counties.

# WEATHER

## WEATHER SYNOPSIS BY REGION:

### **NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:**

#### **Eureka Weather:**

A strong ridge of high pressure will begin to build over the region on Saturday, allowing inland daytime temperatures to rise above normal. This heat wave will last through the middle of next week.

#### **San Francisco Weather:**

A warming trend is anticipated over the weekend as a high pressure ridge over the desert southwest builds westward over California. The most significant warming will occur inland. Most night and morning low clouds and fog this weekend will be confined to the immediate coast.

### **CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY**

#### **Sacramento Weather:**

Little change today and Saturday with warming temperatures Sunday and Monday. Monday will be the warmest day with highs 10 to 15 degrees above normal. A gradual cooling trend is forecast for the rest of the week. There is a slight chance of thunderstorms over the mountains Monday through Thursday.

#### **Hanford Weather:**

High pressure anchored over the four corners region will bring mostly clear skies and above normal temperatures to much of the central California interior for the next several days. Isolated thunderstorms are possible over the mountains and desert beginning Sunday.

## **WEATHER SYNOPSIS BY REGION: (Cont.)**

### **SOUTHERN CALIFORNIA:**

#### **Los Angeles Weather:**

High pressure over the four corners region will continue to keep inland temperatures hot with increasing monsoon moisture increasing across southern California this weekend. There will be a slight chance for afternoon and evening thunderstorms over the Los Angeles County mountains and Antelope valley Saturday through Monday. Otherwise, expect mild conditions for coastal areas with patchy night through morning low clouds. A slight cooling trend likely by the middle of next week as more stable moves into the region.

#### **Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:**

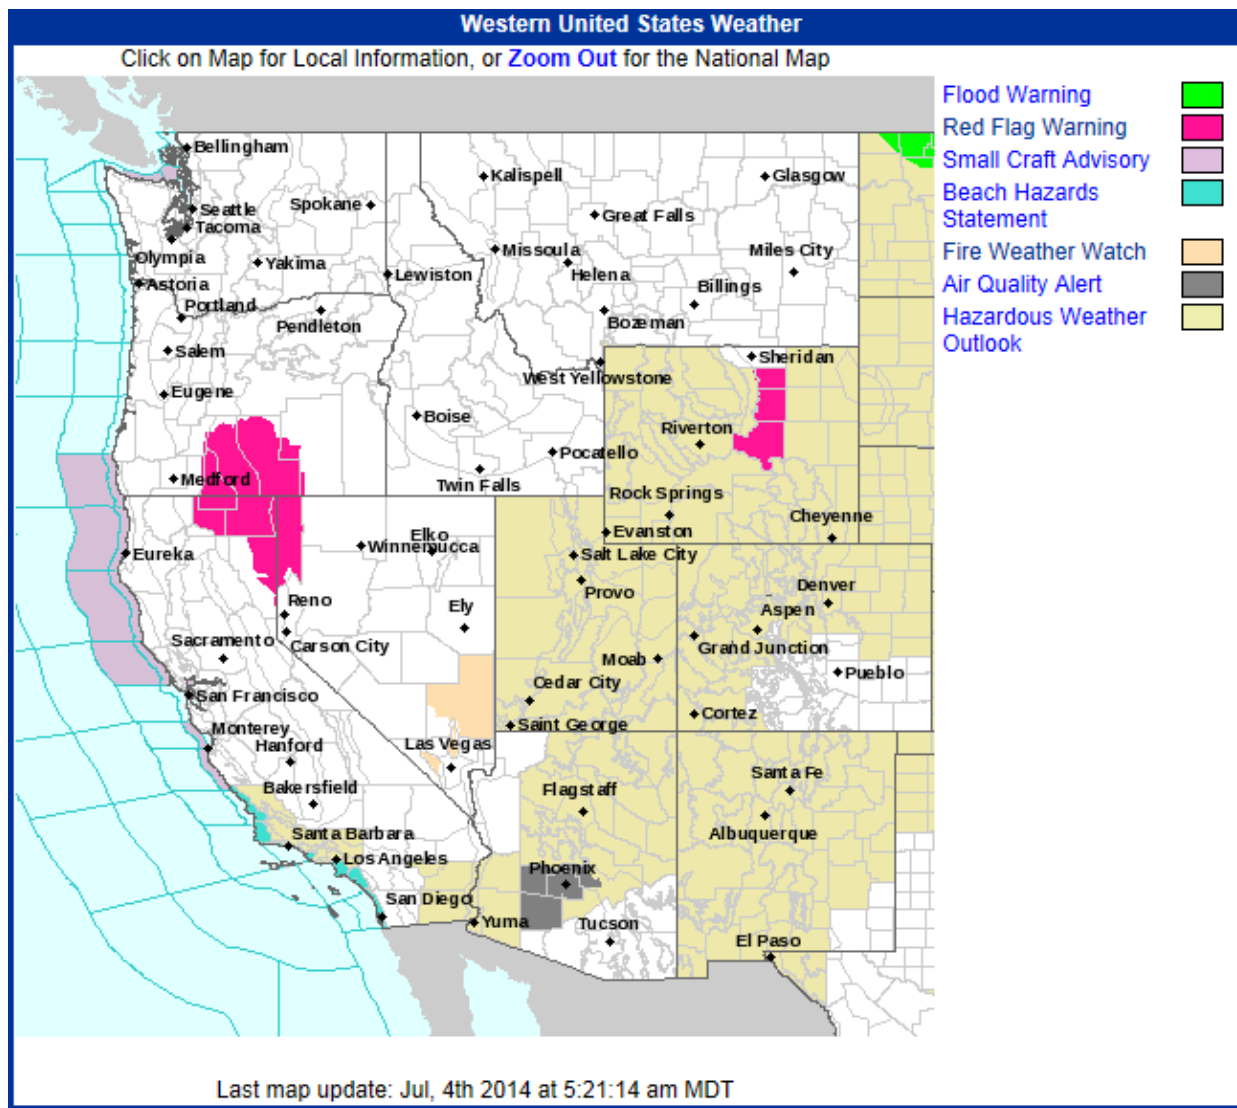

An influx of monsoonal moisture will bring increasing chances for mainly afternoon and early evening thunderstorms for the mountains, deserts, and inland valleys. The main threat today from thunderstorms will be strong gusty winds in addition to lightning with increasing chances for locally heavy rainfall and flash flooding Saturday. The chance for afternoon and early evening thunderstorms will continue for the mountains and deserts through at least the middle of next week.

#### **Southeast California Weather:**

Monsoon moisture will remain in place across the region for the next several days, resulting in slightly cooler temperatures, higher humidifies, and daily chances of showers and thunderstorms. The threat of scattered showers and thunderstorms will continue through next week.

# **CAL OES ACTIVATIONS**

## **Cal EOC Incident – 2014 Drought**

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is 0800-1700 hours.

## **Situational Summary**

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue without substantial rainfall, severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

**\*\*As our state's rainy season comes to an end, it is highly unlikely that precipitation totals will increase significantly. This winter's below average rain and snowfall worsens conditions in this third straight dry year.\*\***

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- DWR has announced that water essential for health and safety will be delivered through the state water project. The current State Water Project Allocation is 5%.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

## Situational Summary

On July 1 2014, administration of the CDPH Drinking Water Program (DWP) transferred to the California State Water Resources Control Board (SWRCB) Division of Drinking Water. CDPH and the SWRCB entered a Memorandum of Understanding outlining a three-month transition period during which drought response activities and any other emergencies will be coordinated jointly between the two organizations.

**Cal OES**  
GOVERNOR'S OFFICE  
OF EMERGENCY SERVICES

# CAL OES MISSIONS

## New Cal OES Missions

- **2014-LAW-3981**, Glenn County Sheriffs Office is requesting Human Remains Detection (HDR) regarding a kayaker that located the lower portion of a human leg (shoe still attached) in the Sacramento River. Their detectives have been trying to identify the body part and have also been searching the area for additional parts without any success. The request is for an HRD K-9 to search the area for additional remains and to rule out a burial site. Butte County SO has agreed to assist with the mission on Monday, July 7. **Mission On Going**

# CAL OES MISSIONS

## Ongoing Cal OES Missions

- **2014-LAW-3978**, San Bernardino County Sheriffs Office is requesting Human Remains Detection (HDR) for a homicide investigation. The Cal OES Law Duty Officer is coordinating the resources.
- **2014-LAW-3961**, On behalf of Fairfield Police Department, Solano County Sheriff is requesting one Human Remains Detection (HRD) K9 to assist in a 30 year cold case homicide. The Cal OES Law Duty Officer is coordinating resources.
- **2014-LAW-2798**, El Dorado County is planning an in-county SAR exercise on 07/15/14 for their volunteers and have requested the assistance of the California National Guard (CNG) aviation assets to support the exercise. Elements of the exercise will include an orientation to the various CNG air assets (H72, H60 and CH47), hoist training, patient packaging for air evacuation and ground team insertion and extraction training.
- **2014-LAW-2483**, The 95th CST will provide area monitoring, secure communications, and WMD expertise for the IRL Racing Event at Sonoma Raceway August 22-24, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2481**, The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NHRA Racing Event at Sonoma Raceway July 25-27, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.

**Mission:**

We protect lives and property, build capabilities, and support our communities for a resilient California.

*We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.*
